

SOFIE TROLLE ÓMARSSON

Multimedia design student, specializing in frontend development

PROFILE

I am a multimedia design student with passion and a whole lot of drive. I am on my 3rd semester on Business Academy Aarhus, where I am specializing in frontend development.

Through my education, I have acquired many skills and competencies, such as:

Programming websites and web apps with HTML, CSS, JavaScript, React.js, API's, JSON, and WordPress.

In addition, I have with experience the Adobe programs: Photoshop, Illustrator, XD, as well as Figma and the Office package.
